Switch Charging Station with Game Card Reader (G1005A)

Smart Control Panel. Charges Joy-cons and Pro Controller.

Description:

The UNITEK Gaming Switch Docking Station is a perfect replacement for the official switch dock. It supports switching between four games with a simple press of a button on the dock or remote control. It is also equipped with HDMI video output, USB-A power supply, 480Mbps USB-A ports, RJ45 Gigabit Ethernet port, 100WPD, Game card slots, and a switching button. This UNITEK Gaming Switch Docking Station also supports charging while playing, allowing you and your friends to enjoy uninterrupted entertainment.

Product Features:

- **4K UHD Visual Feast:** The UNITEK Gaming Switch Docking Station supports 4K@30Hz, 1080P, and 720P video output.* It also supports users switching to TV and tabletop mode with the one-touch button.
- **Smart Control Panel:** This UNITEK Gaming Switch Docking Station features a smart control panel that monitors the charging status of the Switch Joy-Cons and Switch Pro Controller. With this smart panel, users can seamlessly switch to their Nintendo Switch console by powering off the HDMI monitor.
- **One-touch Game Switching:** The UNITEK Gaming Switch Docking Station supports inserting 4 game cards into the Game 1-4 card reading slots. Users can easily switch games using the wireless remote control (maximum distance 10m) or by pressing the LED switch button** on the device.
- **Charge While Playing:** The UNITEK Gaming Switch Docking Station enables simultaneous charging of both Joy-Cons and Switch Pro Controller while in TV or tabletop mode, allowing longer play sessions.
- **High-Speed & Stable Ethernet:** This UNITEK Gaming Switch Docking Station features an RJ-45 Gigabit Ethernet port that adapts to 1000Mbps network transmission, ensuring users experience stable and high-speed gameplay.
- **PD 100W Charging:** The UNITEK Gaming Charging Station supports devices charging with Power Delivery (PD) up to 100W, allowing users to enjoy Multi-Device charging while gaming.
- **Adequate Game Card Storage:** This UNITEK Gaming Switch Docking Station features built-in slots for storing up to 10 game cards: 4 slots for active game cards and 6 slots for storing additional game cards.

* Nintendo Switch Console only supports resolution up to 1080P.

** When multiple game cards are inserted into the card reader, you will need to switch games one by one by pressing the LED "Switch" button.
