& other Wireless Charging Devices

Promate's Blade-5, is the world's slimmest 5000 mAh power bank! This sleek and reliable power solution keeps you charged wherever you go. Featuring a super-slim, high-density 5000mAh lithium polymer battery, it eliminates the bulk of regular power banks. Compatible with MagSafe technology, it offers lightning-fast 15W charging speeds with magnetic alignment for easy connection. The USB-C In/Out with 20W Power Delivery ensures rapid device charging and efficient self-replenishment. Safety is prioritized with built-in over-charging, over-heating protection, and optimal temperature control. Made from durable aluminum and ABS, the Blade-5 is both portable and robust, perfect for your daily adventures.

Powerful Backup Battery

Blade-5 MagSafe Compatible Power Bank boasts a powerful 5000mAh Lithium-ion backup battery for keeping your devices powered up anytime, anywhere.

15W MagSafe Compatible Charging

Blade-5 magnetic wireless charger aligns with your smartphone and charges your wireless charging compatible devices at lightning speeds.

USB-C In/Out with 20W PD

Enjoy lightning-fast charging and power delivery with the Blade-5's USB-C port, providing both input and output capabilities at an impressive 20W for maximum efficiency.

Smart Battery Indicator

The connected device will show power percentage rings for both the smartphone and power bank, keeping you informed at a glance.

Multi Protect System

Rest easy knowing your devices are safe from potential harm with the Blade-5's advanced protection features, including over-charging, over-heating protection, and optimal temperature control.

Durable Construction

Crafted from premium Aluminium and ABS materials, the Blade-5 is built to withstand the rigors of daily use, offering durability and longevity that you can rely on.

Portable Mini Design

As the world's smallest power bank, the Blade-5 combines compactness with power, offering unparalleled portability without compromising on performance.

Packaging Contents:

- Blade-5
- USB-C Charging Cable
- User Guide

Certifications:

Specifications

Battery Capacity:	5000mAh 19.25Wh
Battery Type:	Li-Polymer
USB-C Input:	5V/3A, 9V/2A, 12V/1.5A
USB-C Output:	5V/3A, 9V/2.22A, 12V/1.67A
Wireless Charger Output:	5W/7.5W/10W/15W

Wireless Charging Frequency:	110kHz~205kHz
Wireless Charging Efficiency:	70%
Wireless Charging Distance:	5mm
Charging cable length:	30cm
RF Output Power:	<=20dBm
