PURE BEAM® FOCUS
FLOOD & SPOT

High | Medium | Low
Slide Focus + Beam Lock

Length: 14.2cm | 5.6"
Weight: 198g | 7.0oz

A perfect mix of size, form, and performance, the HP7 Flashlight is rightfully one of our most popular handheld lights. It combines our Pure Beam Focusing System with Slide Focus with a high, medium, and low output modes to illuminate with either a super wide flood beam or spot beam with transition halo at varying distances and brightness all controllable with one hand. Its anti-roll tail cap allows you to set it on uneven surfaces without rolling off and it even allows you to stand the light upon its cap for vertical lighting situations. The HP7 Flashlight is impact resistant, weather resistant and its LED is virtually unbreakable.

ANSI FL1 (Aik)	High	Medium	Low
Lumens	650	330	90
