

Crystal

DropProtect™ Clear 3D Glass Built-In Bumper

Gain maximum impact and scratch protection without compromising the clarity or touch-response with Crystal. Edge to edge protection along with the DropProtect™ edge provides superior protection in case of drops and bumps. The zero residue advanced adhesive ensures quick and easy application.

Features

DropProtect™ Bumper:

Reinforced silicon edges prevent the screen from shattering in case of drops and bumps

3D Curved Edge:

Precisely curved edges offer edge to edge case-friendly fit ideal for curved screens

9H Hardness:

Shock absorbent tempered glass layer helps prevent shattering due to impact and scratches as well

Touch Sensitivity:

Engineered for maximum touch sensitivity, that ensures no lag between your touch and the screen registering the same

Anti-Microbial Protection:

An anti-microbial treatment on the top layer of the screen inhibits the growth of odour causing bacteria.

Smooth Feel:

The surface of this screen protector has the smooth, silky feel as your phone's original screen

6X Shatter Protection:

Take your phone anywhere with this screen protection that provides extreme scratch and impact resistance

Easy Application:

The zero residue advanced adhesive ensures quick and easy application
