

## 27W | USB-C to SUPER-FAST | Lightning Cable

Introducing the EcoLine-Ci120, the definition of convenience and efficiency in charging technology. Our Super-Fast USB-C™ to Lightning Cable offers lightning-fast 27W Power Delivery, ensuring your devices charge quickly and efficiently. With Sync & Charge Support and 480Mbps Data Transfer, you can seamlessly sync and transfer data at high speeds. Crafted with durability in mind, this cable features a braided design with ABS casing, ensuring longevity and reliability. The silver-plated connectors not only enhance conductivity but also add a touch of elegance to its Classic Chic Design. With a 1.2m cable length and Universal Compatibility, the EcoLine-Ci120 is the perfect companion for your devices, providing fast, reliable charging wherever you go.

**LONG BEND**  
**25000+** LIFESPAN
