

# HT-352 | 2 Blade Coax / Twisted Pair Wire Stripper

## Features

Used in networking of coax (Video), twisted pair (Data), telephone round and flat (voice) and other multi-conductor cables.

Features a u-shaped slot with blade height adjustment compatible for cable OD from 3.2mm to 9mm.

Integrated with a cable cutter for better and handy solution.

Flat cable 1/2" and 1/4" stripping length stop for user fast and efficiency work.

Black Velcro strip brushes the braids back over the cable jacket for connector termination easily.

Reversible & interchangeable cassettes for a variety of cables application.

## SPECIFICATION
