Experience the ease of LaxMount, an elegant car phone mount designed for swift magnetic alignment using N52 magnets, ensuring a secure grip throughout your travels. Its cradleless design allows seamless transitions between portrait and landscape modes, ideal for music or navigation, while the flexible body enables easy adjustments for the best viewing angles. Elevate your driving with a touch of style through the magnetic ring design that perfectly complements your smartphone and adds a sophisticated flair to your car's interior. Transform your driving journey with LaxMount.

**Quick Magnetic Alignment**

No more awkward fumbling; the perfectly aligned N52 magnets on LaxMount snap onto your devices quickly and seamlessly, keeping them secure through bumps and turns.

**Ring-Like Design**

LaxMount has a ring-like design that perfectly complements your smartphone device and car's interior without occupying too much space.

**Anti-Distracted Driving**

LaxMount can be easily and securely mounted directly on your windshield or dashboard allowing you to drive without any distractions.

**FlexiGrip™ Adjustment**

The body of this car mount is flexible and allows you to mount your device and adjust it to a position that suits your viewing convenience.

**Sleek Car Mount**

The sleek and compact design of LaxMount ensures a secure and convenient phone mount for your car without occupying much space on your dashboard or windshield.

**Cradleless Design**

The cradleless design allows you to set your music in portrait mode or use the navigation in landscape mode with ease.

Soft & Smooth  
Bend

Note: It will take 24-36 Hours for the 3M adhesive to secure.
