Magnetite

Introducing Magnetite, the ingenious solution to transform any surface into a MagSafe-compatible mount for your phone. Its innovative design incorporates a 360-degree magnetic ring powered by robust N52 rare earth magnets, ensuring a secure attachment. Crafted from durable materials including N52 magnet, silicone, ABS fireproof material, and resilient adhesive tailored for hot climates, Magnetite guarantees long-lasting performance. Once applied, it leaves no residue behind, maintaining the surface's integrity. Seamlessly blend convenience with reliability as Magnetite simplifies your phone mounting experience, offering a hassle-free solution for MagSafe compatibility wherever you go.

MagSafe Compatibility

Seamlessly integrate your device with Magnetite's MagSafe Compatible Mount, allowing for effortless attachment and detachment without the need for additional accessories.

Magnetic Ring

Experience ultimate flexibility with Magnetite's 360-degree magnetic ring, providing versatile positioning for your device in any orientation.

Powerful N52 Magnets

Trust in the strength of N52 Rare Earth Magnets, ensuring a secure and reliable hold for your device even on the bumpiest of rides.

Resilient Adhesive

Conquer scorching temperatures with Magnetite's resilient adhesive, specially designed to thrive in hot climates, making it the perfect choice for cars and outdoor adventures.

Residue-Free Removal

Enjoy hassle-free maintenance with Magnetite's residue-free removal, leaving your device clean and unblemished even after extended use.

Durable Construction

Built to last, Magnetite is crafted from durable materials including N52 magnets, silicone, ABS fireproof material, and adhesive, ensuring long-term reliability and performance in any environment.

Specifications:

Type of Magnets: N52
Product Dimensions: 58mm
