27W POWER DELIVERY | **60W POWER DELIVERY**

PowerLink-CCi

120 CENTIMETER LENGTH

Transfer Rate 480Mbps

Nylon Braided +Thick Copper Core

Designed to streamline your digital life, PowerLink-CCi is the ultimate 2-in-1 MFI lightning and USB-C™ cable. Featuring interchangeable USB-C™ and Lightning connectors, this versatile cable delivers a powerful 60W USB-C™ output and 27W Lightning output, ensuring fast and efficient charging for all your devices. With a robust 480Mbps data transfer rate, the PowerLink-CCi supports seamless data sync and charging. Measuring 1.2 meters in length and crafted from durable materials including PVC, Aluminium alloy tips, and a nylon braided exterior, this cable promises both longevity and reliability. Elevate your connectivity with the PowerLink-CCi, the perfect blend of functionality and durability.

2-in-1 MFI Lightning and USB-C™ Cable

Easily switch between Lightning and USB-C™ connectors, making it the perfect solution for multiple devices.

60W USB-C™ Output

Experience rapid charging with a robust 60W USB-C™ output, ideal for powering up laptops, tablets, and smartphones swiftly.

27W Lightning Output

Enjoy efficient charging for your Apple devices with a 27W Lightning output, ensuring you stay powered up on the go.

High-Speed Data Transfer

Transfer files quickly and efficiently with a high-speed 480Mbps data transfer rate, minimizing wait times and boosting productivity.

Data Sync & Charge Support

Simultaneously charge your device and transfer data with ease, thanks to the cable's dual functionality support.

1.2m Cable Length

With a convenient 1.2-meter length, this cable offers flexibility and ease of use, whether at home, in the office, or on the move.

Durable Construction

Crafted from premium PVC, aluminium alloy tips, and a nylon braided exterior, the PowerLink-CCi is built to last and withstand daily wear and tear.

25000+ Long Bend Lifespan

Tangle Free Braided Cable

Data & Charge

UNIVERSAL COMPATIBILITY

Specifications:
Data Transfer Rate: 480Mbps | USB-C™ Output: 20V,3A (MAX 60W) | Lightning Output:9V/3A (27W) | Cable Length:1.2m

Packaging Content:
PowerLink-CCi
