4in1 Multi-Port Car Charger

- PD & QC Fast Charging
- 12V–24V Compatibility
- Smart Shared Power Distribution
- Built-In Cigarette Lighter Socket

Promate Drivehub-195 is a versatile 4-in-1 car charger supporting 12V and 24V vehicle systems, delivering up to 120W and 195W total output, respectively. Its 80cm retractable USB-C cable provides up to 36W at 12V and 45W Power Delivery at 24V. Dedicated USB-C and USB-A ports deliver up to 30W each. The integrated cigarette lighter socket powers compatible accessories, delivering up to 120W at 12V or 195W at 24V. Intelligent power distribution supports four devices simultaneously, while the retractable cable reduces clutter, making it ideal for smartphones, tablets, dash cams and navigation devices.

195W Maximum Vehicle Power

Unlock up to 195W total combined output from a 24V vehicle system, giving cars, SUVs and trucks a powerful single-point solution for USB charging and compatible 12V or 24V accessories.

Dual 30W Fast-Charging Ports

Dedicated USB-C and USB-A ports each deliver up to 30W when used individually, providing flexible PD and QC fast charging for smartphones, tablets and other compatible USB-powered devices.

Four-Device Charging

Charge or power up to four devices from one vehicle outlet using the retractable USB-C cable, USB-C port, USB-A port and built-in cigarette lighter socket for streamlined in-car connectivity.

Retractable 45W USB-C Cable

The integrated 80cm retractable USB-C cable delivers up to 45W Power Delivery at 24V input and 36W at 12V, keeping fast charging ready without loose cables cluttering the cabin.

Built-In Cigarette Lighter Socket

An integrated vehicle power socket supports up to 120W at 12V and 195W at 24V, letting you connect compatible automotive accessories without giving up your USB charging options.

12V and 24V Vehicle Compatibility

Designed for both 12V and 24V electrical systems, Drivehub-195 is suitable for a wide range of cars, SUVs, vans and trucks, with output performance matched to vehicle input voltage.
