Heat Resistant

MagZen

MagZen combines powerful magnetic holding with flexible positioning for secure, hands-free smartphone use. Strong N52 magnets keep compatible devices firmly attached, while the 360° rotatable base allows effortless portrait, landscape, and custom viewing angles. The durable 60mm gel suction cup securely mounts to windshields, dashboards, desks, and other smooth surfaces. Its foldable design and premium zinc alloy body with TPU and PU protection ensure durability and portability. Compatible with 4–7-inch smartphones, MagZen works with MagSafe-compatible devices, magnetic cases, or phones fitted with a magnetic ring.

Powerful N52 Magnetic Hold
High-strength N52 magnets provide secure smartphone attachment, helping keep compatible devices firmly positioned everyday hands-free use.

Windshield Dashboard Compatible

Total 360° Viewing Freedom
The smoothly rotating base enables effortless portrait, landscape, and customised viewing angles, giving users flexible screen positioning.

Strong Gel Suction Stability
A durable gel suction cup with a 60mm contact base creates a stable hold on suitable smooth surfaces, including compatible windshields, dashboards, desks, and worktops.

Foldable and Travel-Ready
The adjustable folding structure reduces the holder footprint for convenient storage and transport, making MagZen an ideal portable phone stand.

Premium Zinc Alloy Strength
A robust zinc alloy frame delivers dependable structural strength and a refined metallic finish, while TPU and PU contact materials improve grip and help protect connected devices.

Versatile Multi-Surface Mounting
Designed for flexible placement, MagZen can be positioned on compatible car windshields, dashboards, desks, counters, and other smooth surfaces, supporting hands-free use across multiple environments.

Broad Smartphone Support
Suitable for smartphones measuring approximately 4 to 7 inches, with direct magnetic mounting designed for MagSafe-compatible models, magnetic cases, or devices equipped with an appropriate magnetic ring.

Specifications:

Magnet Type:	High-Strength N52 Magnets
Base Rotation:	360°
Suction Cup Type:	Reusable Gel Suction Cup
Suction Cup Diameter:	60mm
Primary Material:	Zinc Alloy
Protective Materials:	TPU and PU
Supported Device Size:	Approximately 4–7 Inch Smartphones

Packaging Content:
MagZen,
1X Metal Ring plates,
User Guide.

Certifications:
RoHS
