RevoMount-25R

RevoMount-25R combines Qi2.2-certified 25W magnetic wireless charging with secure, flexible smartphone mounting for everyday driving. Powerful N52 magnets ensure stable alignment and efficient charging across 5W, 7.5W, 10W, 15W and 25W outputs. Its rotatable, angle-adjustable and foldable design supports portrait or landscape viewing. A strong gel suction cup with a 60mm base mounts securely on windshields, dashboards and smooth surfaces. The built-in 1-metre retractable USB-C cable reduces clutter, while a bottom air outlet improves heat dissipation. Overload, overvoltage, undervoltage and overtemperature protection enhance safety.

Qi2.2 Certified 25W Magnetic Charging
Delivers fast magnetic wireless charging up to 25W, automatically adjusting between 5W, 7.5W, 10W, 15W and 25W according to the connected smartphone.

Built-in 1m Retractable USB-C Cable

Retractable Cable Convenience
The built-in 1-metre USB-C input cable extends smoothly when required and retracts neatly after use, reducing loose cables and keeping the vehicle interior organised.

Powerful N52 Magnetic Alignment
High-strength N52 magnets hold compatible smartphones securely and maintain accurate alignment with the charging coil for stable mounting and efficient wireless power transfer.

Flexible Viewing and Positioning
The rotatable, angle-adjustable and foldable mounting base supports portrait or landscape viewing, allowing the smartphone to be positioned comfortably for navigation, calls and media.

Stable Multi-Surface Mounting
A strong gel suction cup and wide 60mm base provide secure mounting on windshields, dashboards, desks and other smooth surfaces without requiring permanent installation.
